WORK HISTORY

WEB DEVELOPER | 09/2018 to Current
BootCamp Student - NYC, New York

- Created site layout and user interface using HTML and CSS practices.
- Converted mockups into HTML, JavaScript, AJAX and JSON.
- Built and styled three new mobile-friendly websites and transitioned an old site into a mobile friendly version.
- Kept abreast of emerging technologies, software and trends and applied them to projects.
- Researched new technologies, software packages and hardware products for use in website projects.
- Established milestones for projects and ensured that all team members were well-prepared so that deadlines were met.

NETWORK SUPPORT | 05/2002 to 01/2008
NITEL Plc

- Ensured network, system and data availability and integrity through preventative maintenance and upgrades.
- Diagnosed and troubleshooted UNIX and Windows processing problems and applied solutions to increase company efficiency.
- Consistently met deadlines and requirements for all production work orders.
- Advocated for end-users to perform testing and problem analysis for server, desktop and IT infrastructure work.
